

Culinary Training Program

As Branches of Hope works to support vulnerable and marginalized communities in Hong Kong, we are always looking for others to walk alongside us. Our Culinary Training Program aims to empower individuals through cooking skills while fostering a sense of community. We are seeking passionate volunteers with experience in the F&B industry who can contribute their time and expertise in various roles, ensuring a successful and engaging experience for all participants.

Role profiles needed for the 10 session program for 7 - 10 participants include:

- Lead Cooking Instructor - Oversee the cooking class, guide participants through recipes, manage class dynamics.
- Assistant Instructor - Assist the lead instructor, help with ingredient preparation, and provide individual support to participants.
- Logistics Coordinator - Manage supplies and materials, ensure the kitchen is organized and equipped, handle setup and cleanup.
- Participant Engagement Coordinator - Welcome participants, manage registrations, gather feedback, and create a positive class environment.

With a total pool of 4 to 6 volunteers, roles can be rotated as needed, ensuring that two volunteers are present for each class. This structure allows for flexibility and maximizes the skill sets of our volunteers.

What impact will this have?

By volunteering, you will play a crucial role in providing culinary education, fostering personal growth, and strengthening community ties. Your contributions will help participants gain valuable skills that can improve their lives, especially once they depart Hong Kong.

How can you get involved?

If you have the skills and experience we are looking for, sign up to become a volunteer in our Culinary Training Program and help make a difference in our community! For inquiries, please reach out to apforte@branchesofhope.org.hk.
